Bourne Ambassadors Mentoring Programme

Inspiring the next generation

THE **BOURNE** ACADEMY
SIXTH FORM

Make a Difference

The Bourne Academy holds at least three Bourne Ambassador events a year:

- Business Network Evening (November)
- Training Support Session for Mentors (February)
- Business Breakfast (June)

These events ensure that 'Bourne Ambassadors' feel an integral part of developing our students and feel fully supported. They also enable students to develop vital networking and presentation skills. This really is a unique project.

Our Commitment

The aim of the Bourne Ambassador Programme is to provide every 6th Form Student with a business mentor throughout the duration of their two year studies. Our intention is to ensure all our students leave with not only excellent academic qualifications but also with the vital life skills, confidence and self-belief they will need to achieve their full potential in today's competitive business environment.

Bourne Ambassadors will be enthusiastic and inspiring individuals who are willing for a student to visit them in their work place 5 or 6 times a year. They are professional men and women from a variety of backgrounds who can help aspire and motivate the next generation.

This innovative mentoring programme creates a rewarding experience for both students and Bourne Ambassadors. It shapes the future choices of our students and challenges them to be successful business men and women of the future.

Bourne Ambassadors Commitment

The Bourne Ambassador scheme is integral to our aim to engage local and national employers. It allows a professional relationship between student and mentor that can be adapted to meet the unique needs of each student.

Ambassadors will:

- Offer support and advice to students on their future choices
- Give their Mentees an insight into the business and working world
- Have a free DBS check
- Be provided with full training and support from the Bourne Academy 6th Form staff

Our 6th Form Students will benefit from:

- Improved confidence and social skills
- Greater motivation
- Increased understanding of employers needs
