

The Bourne Academy Sixth Form 2024

The Bourne Academy Sixth Form has a strong and successful reputation. With a commitment to high-quality teaching and its 'ASPIRE' vision, the Academy focuses on developing independent, confident and resilient young adults. Sixth Form students are supported by dedicated staff, nurturing a lifelong positive attitude toward learning.

The Academy's unique Education and Business Partnership Programme pairs students with industry professionals, providing invaluable career guidance; recognised for its excellence in careers education, The Bourne Academy ranks among the top three UK schools for the Gatsby Good Career Guidance framework.

A large percentage of the Academy's Sixth Formers go on to study at prestigious Russell Group and top UK universities, or secure highly competitive apprenticeships. This reflects the Academy's focus on preparing students for diverse and successful futures, whether through higher education or professional training opportunities.

Academy students are challenged to excel and take on leadership roles, contributing to both the Academy and the wider community, including partnerships with Canford School and Bournemouth University. Sixth Formers benefit from their own dedicated study centre with a kitchen and social area.

What were you Bourne to do? We invite you to our Sixth Form Open Evening on Wednesday 9 October 2024 to explore the opportunities on offer.
